**NOTWITH-
STANDING**
the "old swimming hole" summer activity calls for frequent visits to the bathtub and the refreshment of a mild, thorough cleanser.

For this frequent bathing there is nothing quite so good and so safe as Ivory Soap. It produces a glow of perfect cleanliness. And no matter how often used, it leaves the skin soft, smooth and free from burn or sting.

Road Dragging Time

Few farm tasks bring more pleasure than dragging roads, both to him who drags and to him who enjoys a ride over a well dragged road. It is a little hard on the horses ahead of the drag on a hot day but an occasional rest helps them out.

There is every opportunity to get good results from road dragging now. The weather is likely to remain reasonably well settled and people have time both to drag and to use the roads. Chautauquas are about over, but county fairs, picnics, outings, and many similar festivities are made more enjoyable by the liberal use of the drag. Coal, building material, and supplies of all kinds can be hauled from town in much larger loads and in fewer trips if everyone along the road has done his share of the good work.

A well-dragged road in front of the farm is a great satisfaction to the owner but why not give him the additional satisfaction of letting him know that you appreciate what he has done as you drive by? Why not tell him what you think and help establish a prize for the best-dragged piece of road? There are few ways in which a little money will bring bigger results in road work than in stimulating friendly rivalry among the workers. A careful use of the drag may save the use of the road grader. J. O. Rankin, Missouri Agricultural Experiment Station.

A WORD WITH WOMEN

Valuable Advice for Keytesville Readers.

Many a woman endures with noble patience the daily misery of back-ache, pains about the hips, blue, nervous spell, dizziness and urinary disorders, hopeless of relief because she doesn't know what is the matter. It is not true that every pain in the back or hips is trouble "peculiar to the sex." Often when the kidneys get congested and inflamed, such aches and pains follow.

You can tell it is kidney trouble if the secretions are dark colored, contain sediment; the passages are too frequent or scanty. Then help the weakened kidneys. Don't expect them to get well alone.

Doan's Kidney Pills have won the praise of thousands of women. They are endorsed right in this locality. Read this woman's convincing statement:

Mrs. William Sherwood, Glasgow, Mo., says: "For nearly two years I suffered from a dull pain across my back. I couldn't rest well and mornings felt stiff and lame. I had no strength or energy. Doan's Kidney Pills did me a world of good. The trouble with my kidneys was relieved and the aches and pains in my back left. I can rest better and feel improved in every way."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Sherwood had. Foster-Milburn Co., Props., Buffalo, N. Y.
